OUR LIMIT IS YOUR IMAGINATION. This brochure only suggests a few of our capabilities . If you have any interior wood detailing idea we will be pleased to assist you actualise it. All our products are export grade , and we are pleased to ship worldwide.

PRODUCT SPECIFICATIONS

MATERIAL
All products are manufactured and are available in a variety of woods and principally Grade A Mansonia, Mahogany and Walnut. Alternatively wood required for the furniture will be fabricated with high Grade A Mansonia wood/planks, plywood and chipboard with Mansonia veneer, applied with resin glue and other chemical, under a hot press for a perfect finish.

TREATMENT & DRYING
Stock wood are kiln dried , with a standard 11%-13% retained moisture level being maintained. The wood/planks are also treated against infection of woodworms, insect attacks, etc.

FINISHING:
Goods may be supplied unfinished . Alternatively all furniture component both exposed and unexposed will be painted with matt lacquer. A top coat of epoxy or other finishing is applied twice before drying in our finishing oven

FACILITIES

All products are manufactured from our modern factory with more than four hundred working machineries producing well-finished export grade furniture.
